# Purchase the entire 14 Course Series and SAVE!

Closed-circuit television (CCTV) is at the heart of most modern security systems. Understanding this technology is a key to remaining competitive. That's why SecurityCEU.com is proud to announce the launch of our new CCTV online training series, hosted by the legendary Charlie Pierce.

Students will enjoy Charlie's knowledge-packed video presentations on every aspect of CCTV, from system overview and design, to lighting, cameras, lenses, monitors and more. Every course features engaging animation, interactive exercises, an online study guide and support materials to increase rates of retention.

To ensure mastery of the material, every course offers full testing and certificates of completion. These certificates verify that students have met continuing education requirements, as well as licensing requirements, where valid. So, take advantage of Charlie Pierce's new online CCTV training, available exclusively through SecurityCEU.com. Let our training give you an edge! All CCTV courses are **CEU approved!**

## Companion Workbook is NOW AVAILABLE!

This is the original, unabridged manual and contains the complete works of the Application & Design of CCTV and Installation/Field Service of CCT guidebooks in one volume. It is a must for every dealer, designer and end user who has anything at all to do with CCTV systems and makes a GREAT companion to our online training. This is the most complete, easy to read book of its kind on the market today, containing a wealth of information that will be valuable for years to come. The English version is up to date. The Spanish version is copyright 1998.

### All CCTV Courses are approved for NTS Continuing Education Credits!

Also approved for ASIS & ALOA\*
