Louisville, KY 40243

To Whom It May Concern:

When Hikvision was looking for an online learning platform, we turned to CMOOR to help us build the most effective, in-depth, and technically extensive online training program for our integrators and dealers. Chris and the entire staff at CMOOR immediately provided details and solutions tailored for us. The solutions set a new training standard. They ensured our online learning presence reflected our excellence and innovation as the world's largest video surveillance manufacturer. We quickly and effectively launched an extremely powerful and successful learning portal, to train and certify our industry's finest.

CMOOR has become an integral part of the Learning and Development team here at Hikvision and has gone above and beyond to provide support and design for our projects. After implementing our outward platform, we created a one-of-a-kind internal eLearning platform with CMOOR to provide our employees with the same sophisticated and versatile learning opportunities that we offer our partners and end users.

We trust and believe in CMOOR's ability to provide top-of-the-line dynamic resources to help us reach our goal of creating Hikvision product experts and knowledgeable industry professionals. We are thankful to CMOOR for its efforts, and look forward to continuing our partnership and to many future successes.

Sincerely,

Jennifer Petty  
Learning and Development Manager  
Hikvision USA Inc.
