Connie Moorhead
President
The CMOOR Group
209 Townepark Circle, Suite 200
Louisville, KY 40243

Connie and Chris,

I wanted to take a moment to thank you for all you have done for PSA. Not only have you been a tremendous partner for our integrators utilizing Security CEU for many years, but over the past year you have exemplified what a true partner is in the development of PSAEducation.com.

Over the past year you and your team have spent countless hours customizing, creating, and sharing ideas to help develop, host, and maintain our new educational platform. The hundreds of integrator companies and thousands of users will benefit tremendously from your hard work and dedication.

On a personal level, the interactions that my team and I have had with CMOOR throughout the process have been nothing less than outstanding. Your customer focused approach to business ensures that our needs are not only met, but usually exceeded. The “can-do” attitude that you brought to our difficult project and your willingness to think outside of the box is truly a testament to why CMOOR is a great fit with PSA and our education team.

I look forward to our continued partnership over the coming years.

All the best,

Anthony Berticelli
Director of Education
PSA Security Network
